What does NOT qualify as HCC:	What does qualify as an HCC:
Alzheimers	n/a
Anxiety	n/a
ВРН	n/a
Hyperlipidemia	n/a
Dementia	n/a
Anemia	Aplastic Anemia (284.9) or Sickle Cell Anemia (282.60)
Arthritis or Osteoarthritis	Rheumatoid Arthritis (714.0)
Depression	Major Depression, Single Episode (296.20) or Recurrent (296.30)
Bronchitis, Acute Bronchitis or Bronchospasm	Chronic Bronchitis (491.9) or Acute Bronchitis with COPD (491.22)
Hypertension	Hypertensive Heart Disease w/Heart Failure (402.91)
Osteoporosis	Fracture (Code by site)
Pneumonia, Organism NOS	Pneumoccocal Pneumonia (481)
SOB (Shortness of Breath), Asthma or Cough	COPD (496) or Emphysema (492.8)
Weight Loss	Malnutrition (263.9)
Coronary Arthrosclerosis Ntv Vsl	Intermediate Coronary Syndrome or Unstable Angina (411.1),
Atherosclerosis, Unspecified	Atherosclerosis of bypass graft of extremities (440.3
CAD	Acute MI (410.90) or Old MI - after 8 weeks (412), CHF (428.0)
Dysrhythmia	Angina Pectoris (413.9), Parox Atrial Tachycardia (427.0,
	Atrial Fibrillation (427.31), Atrial Flutter (427.32),
	Cardiomyopathy (425.4), Sinoatrial Node Dysfunction 427.81
	Myocardial Degeneration (429.1)
	Qualifying HCC's Often Forgotten/Not Documented:
	Hepatitis, Chronic NOS (571.40)
	Alcohol Dependency (303.90)
	Alcoholic Withdrawl (291.81)
	Drug Dependency (304.90)
	Drug Withdrawl (292.0)
	Amputation (Status of) Lower Limb V49.70
	Amputation of Extremity (Code by site)
	Dialysis Status (V45.1)
	Colostomy Status (V44.3)
	Hemiplegia (342.90) History of Muccardial Infarction / Old ML (412)
	History of Myocardial Infarction / Old MI (412) Chronic Bronchitis (491.9)
	Pulmonary Hypertension (416.0 or 416.8)
	1 unionary rigpertension (410.0 01 410.0)
